Thermody™

Commercial Neoprene Rubber

Elongation

300% minimum

Width

36" or 48" tolerance ± 1 "

Specifications (50 Durometer)

ASTM D2000-75e, SAE J200 1BC 510
MIL-R-3065 SC 510

Thermody™

Commercial Neoprene Rubber

Applications

Ozone, Oxidation, Water, Weather,
Hydraulic silicates, moderate oil
resistance, impact, abrasion,
excellent cost effective general
purpose material.
